Wonder Wheels Colour Active Wheel Cleaner

Acid-free formula for cleaning car wheels with a balanced pH composition. Suitable for use on all types of wheels, including chrome, polished unlacquered, multi-piece, anodized and with damaged lacquer coating. The color changing formula becomes a dark red, purple color when baked brake dust and dirt dissolves, providing an indication that the cleaning process is completed.

Size	Case Qty	Part Code	EAN
600ml	6	WWH600	5010373073223

Wheel Sealant

Leaves an invisible, protective shield over the wheel surface, creating a barrier against the build-up of stubborn brake dust, road grime and dirt. Produces a super repellent nano film, which when rained on or rinsed with water, self-cleans. Easy on formula - simply spray on and allow to dry.
