Come ordinare con semplicità - How to order with confidence

Ⓜ L'area B2B Simoni Racing è stata sviluppata per supportare la rete vendita nelle attività quotidiane e per trarre il massimo da ogni opportunità.

Con l'App ed il nuovo sito internet sarà possibile accedere a tutte le informazioni aziendali in qualsiasi momento, con qualsiasi strumento e da qualsiasi luogo.

Utilizzare l'area riservata è semplicissimo, basta seguire alcuni semplici passi:

- 1) registrarsi al sito www.simoniracing.com cliccando l'icona  nel menù in alto a destra
- 2) Cliccare **REGISTRATI ORA**
- 3) Selezionare "Azienda"
- 4) Compilare tutti i campi presenti
- 5) Cliccare su "Conferma registrazione"

Successivamente, accedendo all'area riservata tramite indirizzo email e password precedentemente impostate, sarà possibile effettuare diverse azioni come:

- effettuare ordini
- consultare le liste applicazioni
- consultare documenti
- consultare lo storico di acquisti/vendite

Ⓖ The Simoni Racing B2B area has been developed to support the sales network in daily activities and take the most of every opportunity.

With the App and the new website you can scroll the company information everytime and everywhere.

This change simplifies and automates the sales activities, with most advantages to get all at hand.

Use the reserved area is simple, just follow some steps:

- 1) Register at www.simoniracing.com by clicking on the icon  in the menu at the top right
- 2) Click on **SIGN IN NOW**
- 3) Select "Company"
- 4) Fill in all the data fields on the form
- 5) Click on "Sign up" button

After, login in the reserved area using email address and password, and now, it's possible make different actions:

- place orders
- consult the application lists
- consult documents
- consult the order/sales history

- GV2M** Taglia - Size - Medium
- GV2L** Taglia - Size - Large
- GV2XL** Taglia - Size - Extra Large

Le pelli di buona qualità hanno segni distintivi che ne evidenziano il pregio. La presenza di residui, imperfezioni, segni, venature e differenze nel colore sono particolarità dovute alla concia, presenti solo nei prodotti in Vera Pelle. Gli inserti imbottiti, posti nei punti di maggior contatto, garantiscono una presa ottimale e comoda. Le cuciture resistenti assicurano una lunga durata.

Good quality leather has distinctive signs that highlight its value. The presence of residues, imperfections, signs, veins and differences in color are peculiarities due to tanning, present only in genuine leather products. The padded inserts, placed in the points of greatest contact, guarantee an optimal and comfortable grip. Sturdy stitching ensures long life.

KV/MO € 2.90

Kit 6 Viti a Brugola Testa Svasata

Large

Ombrello parasole da parabrezza. Taglia L, realizzato in tela termoisolante / Windshield umbrella, size L made of thermo-insulating fabric.

La parte riflettente schermata i raggi UV e il calore, la parte nera interna impedisce l'ingresso della luce nell'abitacolo.

The reflective part shields UV rays and heat, the black internal part prevents the entry of light into the passenger compartment.

Pellicole Vetri Omologate - Homologated Solar Film

Protezione dai raggi UV - Protection from UV rays

Protegge gli interni della vettura dai raggi UVA e UVB, principali responsabili dell'ingiallimento degli interni / Protects the interior of the car against UVA and UVB rays, which are mainly responsible for the yellowing of the interior

Aumento della sicurezza - Safety Improvement

L'uso di pellicole oscuranti rende più difficile individuare oggetti trasportati e migliora la resistenza dei vetri in caso di rotture dolose. / The use of darkening films makes it more difficult to identify objects being transported and improves the resistance of the glass in case of malicious breakage.

Protezione dai graffi - Scratches protection

Le pellicole Johnson sono dotate di uno speciale rivestimento che protegge i vetri della vettura da graffi di minore entità. Sarà sufficiente sostituire le pellicole per eliminare qualsiasi difetto estetico dato da usura / Johnson films are equipped with a special coating that protects windows from scratches and minor impacts. It will be sufficient to replace the films to eliminate any aesthetic defect caused by wear

Marathon - High Performance Films Johnson Window Films

€ 24.00/mt

Marathon 05

Pellicola oscurante omologata ABG serie Marathon prodotta da Johnson films. Altezza 76cm, prezzo al metro / Sola windows film ABG approved, Marathon serie by Johnson films. Height 76 cm, price for 1 mt

Tagliando di omologazione
ABG incluso
ABG approval included

Caratteristiche - Features

Lucente visibile residua - Visible light transmission	5%
Riflessione raggi solari - Solar energy rejection	60%
Riduzione raggi UV - UV light reduction	99%

Vantaggi del prodotto / Product Benefits:

La pellicola è applicabile a veicoli, abitazioni e spazi commerciali. Protegge dagli eccessi di calore rendendo l'ambiente più confortevole. I riflessi sono sostanzialmente ridotti e permettono una maggiore privacy anche durante il giorno.

This film can be applied to vehicle, home and commercial interior. Protect from excess heat factor resulting in a more comfortable, more economical environment. Interior glare and fading factors are also substantially reduced, as well as providing the occupants improved daytime privacy.

Taglierino, spatola e spruzzino compresi in ogni confezione
Cutter, spatula and spray bottle included in each package

Montaggio. Rimuovere i copricerchi prima di fissare il copriuota. Pulire l'interno del cerchione. Posizionare l'anello elastico di acciaio all'altezza della valvola ed inserirlo nelle sedi delle alette di fissaggio. Montare il copriuota nella parte inferiore del cerchione, tenerlo con il ginocchio, premere (aprire) con le dita le due alette di fissaggio superiori dall'alto verso il basso e nello stesso tempo inserire il copriuota all'interno del cerchione. Serrare il copriuota al cerchione lungo tutta la circonferenza della ruota. **Attenzione.** Siccome si tratta di copriuota universali, destinati alla maggior parte delle autovetture, in casi particolari può succedere che il copriuota abbia un gioco eccessivo o troppo esiguo sul cerchione. In tal caso occorre correggere il diametro dell'anello elastico nel punto di inarcamento destinato alla valvola estendendo l'anello (fot. 5a) quando il copriuota ha un gioco eccessivo oppure comprimendo l'anello (fot. 5b) quando il gioco del copriuota e' troppo esiguo.

Installation. Prior to hub cap fixing, first dismount old covers. Clean your wheel rim inside. Place the expanding steel ring in recess position under valve and push it inside into sockets clamps. Place the hub cap on bottom section of wheel rim, hold it with your knee, press (open a little) two upper clamps with your fingers from top downwards, and at the same time, push in the hub cap inside wheel rim. Throughout the entire wheel perimeter tighten up the hub cap to wheel rim. **Note.** Since these hub caps are universal type, designed for a majority of vehicles, in certain cases, hub cap may go in on wheel rim either too loose or too tight. Then, you should adjust the diameter of the expanding ring in the place of flexion for the valve through the extending of ring (photo 5a) when the hub cap goes in too loose, or through the squeezing of ring (photo 5b) when the hub cap goes in too tight.

Cover Dischi Freno - Brake Disc Cover

New!!

DBD € 10.90

Brake Disc Cover

Dischi freno decorativi universali. Possono essere installati facilmente sulla maggior parte delle vetture. Realizzati in alluminio e del tutto simili ai dischi freno originali. Pellicole Spray Removibili - Removable Spray Film

Pellicole spray removibili - 400 ml

Removable spray films - 400 ml

Pellicola spray removibile di facile applicazione, adatta a qualsiasi superficie interna o esterna della vostra vettura. Può essere applicata ai cerchi, carrozzeria e superfici interne. Grazie alla particolare composizione chimica, forma una sottile pellicola gommosa in grado di aderire alla perfezione alla superficie trattata, si rimuove altrettanto facilmente semplicemente spolicandola. La stesura di questa pellicola non richiede attrezzature specifiche quali pistola o compressore, avviene in modo semplice grazie al diffusore spray della bomboletta. Prodotto non corrosivo, resistente all'acqua, alle intemperie, ai lavaggi e alla corrosione. Protegge al meglio la superficie trattata da graffi e abrasioni creando un sottile strato protettivo colorato che migliora il look della vettura.

Easy and diy color spray film, not definitive paint, it can be easily removed. It can be used to paint exteriors or interiors cars and wheels. It's not only antifouling, waterproof, wear resistance and corrosion resistance but also has a good function to protect car paint and hub. Easy to use without the spray gun and after painting, the object will have the gorgeous lasting color with good texture and strong flexibility, its film can be peeled off anytime if no longer needed.

Spray Film € 16.00

Ballast di ultima generazione con design modulare
Last generation ballast with modular design

Simoni Racing presenta l'ultima generazione di kit allo xenon. Rispetto ai precedenti modelli la struttura è stata completamente ridisegnata in un design modulare e i componenti sono stati miniaturizzati per consentire una facile installazione anche nelle vetture che dispongono di uno spazio ridotto. Il ballast, di ultima generazione, del nuovo kit "Slim Normal" misura solo 17 mm di spessore grazie allo spostamento in un modulo se stante del componente iniettore. Le lampadine in corredo al kit sono realizzate con materiali di qualità, l'utilizzo di cavi morbidi e flessibili o di basi metalliche ad elevata resistenza (H4). Per questo kit è stata posta particolare attenzione alla realizzazione di un manuale di installazione il più chiaro e completo possibile, con traduzione multilingua in italiano, inglese, francese e spagnolo. / Simoni Racing introduces the latest generation of kit xenon. Compared to previous models, the structure is completely redesigned in a modular design and components have been miniaturized to allow an easy installation also in cars that have a small space. New generation ballast kit "Slim Normal" measures only 17 mm thickness thanks to the shift in a separate injector component. The bulbs of the kit are manufactured with high quality materials, for example the use of soft and flexible cables or metallic bases with high resistance (H4). For this kit was taken particular attention on the creation of an installation manual as clear and complete as possible, with multilingual translation in Italian, English, French and Spanish.

Lampadine Xenon OEM - Xenon OEM Bulbs

Le lampadine hanno una durata pressochè equivalente a quella dell'automobile. Un fascio luminoso più lungo e più largo che proietta il 200% di luce in più su strada. Tutte le lampadine sono intercambiabili con le lampade xeno D1S, D2S, D2R e D2C standard già presenti sull'automobile. La versione R per sistemi di riflessione; la versione S per sistemi di proiezione. / Life time is very similar to the car life. Longer and larger beam with 200% of light on the street. Every Simoni Racing xenon bulb are interchangeable with standard xenon bulb D1S, D2S, D2R and D2C already fitted on the car. R version for reflection system; S version for projection system.

**Garza in cotone 100% naturale
a 4 strati imbevuta in olio**
100% natural cotton gauze
4 layers soaked in oil

Cotone Naturale al 100% La maggior parte dei filtri aria in carta o sintetici agiscono come un elemento di superficie che può essere descritto anche come una barriera filtrante. Le impurità catturate sulla superficie del filtro in carta ostacolano il flusso d'aria in entrata poiché le aperture si ostruiscono rapidamente; il restringimento del passaggio dell'aria aumenta in modo lineare man mano che il filtro accumula sporcizia. Simoni Racing ha messo a punto un filtro aria in cotone a 4 strati che permette al motore di respirare con maggiore facilità. I nostri filtri aria ad alto rendimento utilizzano una garza costituita da strati multipli di cotone per formare un elemento filtrante tridimensionale capace di catturare le impurità che successivamente si spostano per evitare che il flusso d'aria venga ostacolato. Migliaia di fibre in cotone catturano i detriti e mantengono l'efficienza del filtro e il flusso di aria invariati nel tempo, anche in condizioni estreme di utilizzo, fino a quando si rende necessaria la semplice pulizia con kit pulizia filtri Simoni Racing e re-installazione del filtro stesso.

100% Natural Cotton Most of the paper or synthetic air filters act as a surface element that can be described as a barrier filter. The impurities captured on the surface of the paper filter hinder the air flow of incoming because the holes are rapidly occluded; the narrowing of the passage of air increases when the filter accumulates dirt. Simoni Racing has developed an air filter in 4-layer cotton that allows the engine to breathe more easily. Our high-efficiency air filters use a gauze made of multiple layers of cotton in order to form a three dimensional filter element that captures impurities to prevent the air flow is obstructed. Thousands of cotton fibers catch the debris and maintain filter efficiency and air flow unchanged in in the time, even under extreme conditions of use, until it becomes necessary the easy cleaning with our filter cleaning kit and re-installation of the filter.

HIGH PERFORMANCE SILICONE HOSES

Il marchio

Manitor è produttore leader nel settore dei manicotti ad uso sportivo. I prodotti Manitor sono sinonimo di qualità e affidabilità grazie ai materiali impiegati e un processo produttivo innovativo e rigoroso. In breve tempo è divenuto punto di riferimento nelle preparazioni sportive per competizioni Rally e su pista. I prodotti Manitor sono talmente apprezzati per le loro qualità che hanno saputo diffondersi anche nel mercato aftermarket. Simoni Racing è particolarmente fiera di annunciare la distribuzione in esclusiva di questo marchio sul territorio Europeo. Vi invitiamo a visitare il nostro sito internet per scoprire la vasta gamma di applicazioni disponibili.

Brand

Manitor is a leading manufacturer of hoses for sports use. Manitor products are synonymous of quality and reliability thanks to the materials and to an innovative and rigorous production process. In a short time it became a reference point in the sports preparations for Rally and track competitions. Manitor are so appreciated for their qualities that they have also spread in the aftermarket sector. Simoni Racing is proud to announce the exclusive distribution of this brand in Europe. We invite you to visit our website to discover the wide range of applications available.

Composizione

Gomma silicónica VMQ ad alta resistenza al calore, fino a 250°C, materiale ad alta resistenza alla corrosione da liquidi, antigelo e ruggine. Altissima resistenza alla pressione, invecchiamento termico e all'indurimento. Anima di rinforzo in fibra Aramidica (Kevlar), leggera e resistente.

Strati multipli per una maggiore resistenza alla pressione

Multiple layers for improved pressure resistance

Exhaust Valve 1

Questo kit consente una doppia tipologia di installazione. Può essere installata in modo da ridurre i decibel in uscita di uno scarico doppio o può essere installata per bypassare il silenziatore della vettura producendo così più decibel. Kit composto da valvola di apertura/chiusura scarico, guarnizioni, interruttore e viti per il montaggio / This kit allows a double type of installation. It can be installed to reduce the decibels out of a dual exhaust or it can be installed to bypass the car's muffler thus producing more decibels. Kit consisting of drain opening / closing valve, gaskets, switch and mounting screws

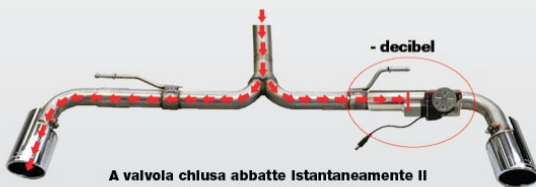

N.B. da cablare con un relè che inverte la polarità
N.B. to be wired with a relay that reverses the polarity

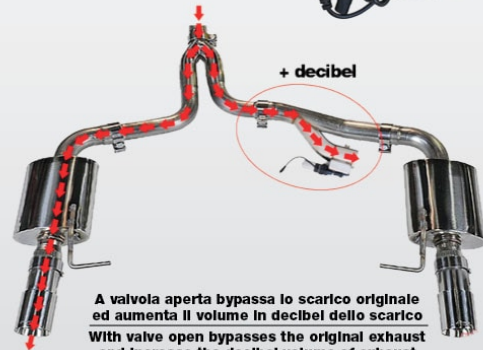

EV2 € 149.90

Exhaust Valve With Remote Control

Dotata di elettrovalvola, gestisce il vuoto del depressore della vettura. Kit composto da centralina, elettrovalvola, tubo in silicone flessibile, cavi di collegamento e due telecomandi di controllo / Equipped with a solenoid valve, it manages the vacuum of the car depressor. Kit consisting of control unit, solenoid valve, flexible silicone hose, connection cables and two remote controls

A valvola chiusa abbatte istantaneamente il volume in decibel dello scarico
With valve closed instantly breaks down the volume in decibels of the exhaust

A valvola aperta bypassa lo scarico originale ed aumenta il volume in decibel dello scarico
With valve open bypasses the original exhaust and increase the decibel volume of exhaust

EV3 € 139.90

Exhaust Valve 3

Questo kit consente l'apertura o la chiusura del collettore di scarico. E' composto da valvola di apertura/chiusura scarico, interruttore e cablaggio con alimentazione a presa accendisigari / This kit allows the opening or closing of the exhaust manifold. Consisting of exhaust opening / closing valve, switch and wiring with cigarette lighter power supply

EV4 € 149.90

Exhaust Valve 4

Questo kit consente l'apertura o la chiusura del collettore di scarico. E' composto da valvola di apertura/chiusura scarico, interruttore e cablaggio con alimentazione a presa accendisigari. Tubo doppio configurato ad "Y" con un passante aperto. / This kit allows the opening or closing of the exhaust manifold. Consisting of exhaust opening / closing valve, switch and wiring with cigarette lighter power supply. Double tube configured as "Y" with an open loop.

Tutti i kit coilover godono di una scontistica al rivenditore diversa dai restanti prodotti, contattaci per aver maggiori informazioni
All coilover kits have a reseller different discount than other products, contact us for more information

① Molla ad alta resistenza con la massima corsa possibile e formata per il massimo arresto ed un assorbimento confortevole

① High tensile springs giving the maximum stroke possible and formed for max stroke and comfortable dampening

④ Collari di regolazione realizzati in alluminio anodizzato con stelo rinforzato e cromato

④ Adjusting collars made of anodized aluminium with hardened chromed piston rod

② Tecnologia a doppio tubo con reazioni indipendenti di smorzamento, minimizza le vibrazioni del telaio e aumenta la dinamica di guida

② Use the twin-tube technology with independent reactions damping, it minimized chassis vibrations and increase driving dynamics

⑤ Tamponi in gomma rigida e progressiva

⑤ Progressive bumpstop made out of firm and elastic rubber

③ Molla Helper a filo piatto, fornisce la perfetta posizione della vettura senza perdere la battuta. Mantiene il precarico della molla principale per prevenire vibrazioni e rumori

③ Flat wire helper spring providing the perfect stance of the car without losing stroke. Keeps pre-load in order to prevent vibration and noise

⑥ Corpo verniciato con metodo ad immersione catodica (KTL), con nero antiruggine per prevenire la corrosione dovuta dagli agenti atmosferici

⑥ Painted body with immersion cathodic method (KTL), treated with black antirust to prevent corrosion due to weather influences

Coilover Kit

Progettato per fornire significativi cambiamenti dell'altezza di marcia senza sacrificare il comfort di guida. Ideale per la pista ma idoneo anche per uso stradale. Offre variazioni di altezza a partire da 30 a 70 mm dona un aspetto sportivo, migliora la reattività, la maneggevolezza, l'aderenza in curva e il bilanciamento generale. Pronto per l'installazione, già tarato dalla fabbrica, testati per uso stradale e pista. Il corpo ammortizzatore è lucidato finemente e verniciato per una lunga resistenza e durata. Pistone in acciaio inox e stelo sovradimensionato progettati con precisione. Anodizzazione profonda, lavorato CNC, forgiato 6061-T6, piattelli in alluminio. Molle da corsa a spirale in acciaio SAE9254V per una durata superiore e un preciso alloggiamento.

Coilover Kit

Designed to provide significant height changes without sacrificing ride comfort, ideal for the track but also suitable for road use. It offers height variations from 30 to 70 mm, gives a sporty appearance, improves the reactivity, handling, cornering grip and overall balance. Ready to install, factory pre-set, tested for road use and track. The damper body is finely polished and coated for a long resistance and durability. Stainless steel piston and oversized stem designed with precision. Deep anodizing, CNC machined, forged 6061-T6 and aluminum plates. Racing spiral springs made in steel SAE9254V for a longer duration and a precise housing.

The Simoni Racing APP

TÜV
AUTOMOTIVE

Disponibili su richiesta per tutti i tipi di vetture
Available on demand for all cars models

A partire da - Kits start from: €70.00

Gli assetti Simoni Racing, da anni sinonimo di affidabilità e stabilità si vestono di nuovo nella grafica del catalogo ma anche nella struttura. Dal cuore sportivo e dall'anima generosa le nostre molle sono state migliorate secondo la più recente ed avanzata tecnologia tedesca; sono collaudate TÜV e realizzate con sistema di produzione certificato DIN ISO 9001. Quando l'utilizzo dei migliori materiali, si coniuga con il rigore e gli altissimi standard qualitativi, previsti e severamente controllati dalla CEE, il risultato è un prodotto di qualità eccellente e durata garantita. Progettate per uso stradale, assicurano un ottimo bilanciamento del veicolo su qualsiasi fondo ed un sensibile aumento della tenuta di strada, l'abbassamento medio è di +/- 30-40 mm.

The trim springs Simoni Racing, for years synonymous of reliability and stability, change in catalogue's graphics and also in the structure. With generous soul and sporting heart, our springs have been improved according to the most recent and advanced German technology, they are TÜV tested and manufactured with production system certified DIN ISO 9001. When the use of the best materials, combines with the rigor and the highest quality standards, expected and strictly controlled by CEE, the result is a product of excellent quality and durability guaranteed. Designed for street use, they ensure a good balance of the vehicle on all road surfaces and a significant increase in road holding, lowering average is +/- 30-40 mm.

The Simoni Racing APP

Come trovare il giusto spessore - How to find the right thickness

Distanziali e spessori

L'allargamento della carreggiata non migliora solamente l'aspetto estetico dell'auto, ma soprattutto la stabilità e tenuta di strada, diventando parte integrante delle soluzioni tecniche che Simoni Racing propone per rendere l'assetto dell'auto sportivo, preciso e sicuro. Con l'utilizzo del distanziale opportuno, è possibile conferire alla vettura l'aspetto e le qualità dell'auto da competizione. Ampia e completa, la gamma di bulloni Simoni Racing prevede oltre a diverse lunghezze e passi, che variano a seconda dello spessore del distanziale e del modello di autovettura, diverse soluzioni pratiche, come i bulloni antifurto.

Wheel spacer

The track enlargement not only improves the aesthetic appearance of the car, but above all it improves stability and roadholding, becoming an integral part of the technical solutions that Simoni Racing proposes to make the car's set-up sporty, precise and safe. With the use of the appropriate spacer, it is possible to give the car the appearance and above all the qualities of the competition car. Wide and complete, the range of Simoni Racing bolts provides in addition to different lengths and steps, which vary depending on the thickness of the spacer and the car model, different practical solutions, such as the anti-theft bolts.

Kit 10 bulloni in acciaio inox 30MNB3 zincato
Kit 10 30MNB3 galvanized stainless steel bolts

BR/40-10 € 15.50

Chiave: 17 - Passo: 14x1,5 - Lunghezza: 25mm
Key: 17 - Pitch: 14x1,5 - Length: 25mm

Kit 10 bulloni in acciaio inox 30MNB3 zincato
Kit 10 30MNB3 galvanized stainless steel bolts

BR/50-10 € 15.50

Chiave: 17 - Passo: 12x1,5 - Lunghezza: 25mm
Key: 17 - Pitch: 12x1,5 - Length: 25mm

Kit 10 bulloni in acciaio inox 30MNB3 zincato
Kit 10 30MNB3 galvanized stainless steel bolts

BR/617-10 € 18.60

Chiave: 17 - Passo: 12x1,25 - Lunghezza: 50mm
Key: 17 - Pitch: 12x1,25 - Length: 50mm

Kit 10 bulloni in acciaio inox 30MNB3 zincato
Kit 10 30MNB3 galvanized stainless steel bolts

BR/717-10 € 18.60

Chiave: 17 - Passo: 12x1,25 - Lunghezza: 50mm
Key: 17 - Pitch: 12x1,25 - Length: 50mm

Kit 10 bulloni in acciaio inox 30MNB3 zincato
Kit 10 30MNB3 galvanized stainless steel bolts

BR/5P-10 € 45.00

Chiave: 19 - Passo: 12x1,25 - Lunghezza: 36mm
Key: 19 - Pitch: 12x1,25 - Length: 36mm

Kit 10 bulloni in acciaio inox 30MNB3 zincato
Kit 10 30MNB3 galvanized stainless steel bolts

BR/17P-10 € 70.00

Chiave: 17 - Passo: 12x1,25 - Lunghezza: 55mm
Key: 17 - Pitch: 12x1,25 - Length: 55mm

Kit 10 bulloni in acciaio C4C trattamento Delta Protekt
Kit 10 C4C Delta Protekt processing stainless steel bolts

CR/7-10 € 21.50

Passo: 12x1,25 - Lunghezza: 80mm
Pitch: 12x1,25 - Length: 80mm

Kit 10 colonnette in acciaio inox 30MNB3 zincato ProtexFE / Kit 10 C4C galvanized ProtexFE stainless steel studs

CR/3-10 € 21.50

Passo: 12x1,5 - Lunghezza: 80mm
Pitch: 12x1,5 - Length: 80mm

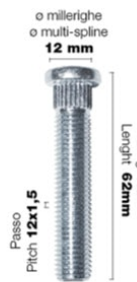

Kit 10 colonnette in acciaio inox 30MNB3 zincato ProtexFE / Kit 10 C4C galvanized ProtexFE stainless steel studs

CR/10-10 € 27.50

Passo: 14x1,5 - Lunghezza: 80mm
Pitch: 14x1,5 - Length: 80mm

Kit 10 colonnette in acciaio inox 30MNB3 zincato ProtexFE / Kit 10 C4C galvanized ProtexFE stainless steel studs

CRP/3-10 € 44.40

Millerighe: 12 - Passo: 12x1,5 - Lunghezza: 62mm
Multispline: 12 - Pitch: 12x1,5 - Length: 62mm

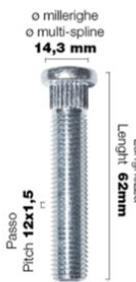

Kit 10 colonnette a piantaggio in acciaio inox 30MNB3 zincato / Kit 10 C4C galvanized stainless steel forged studs

CRP/313-10 € 44.40

Millerighe: 13 - Passo: 12x1,5 - Lunghezza: 65mm
Multispline: 13 - Pitch: 12x1,5 - Length: 65mm

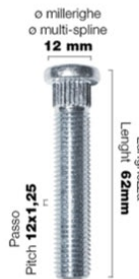

Kit 10 colonnette a piantaggio in acciaio inox 30MNB3 zincato / Kit 10 C4C galvanized stainless steel forged studs

CRP/3143-10 € 47.00

Millerighe: 14 - Passo: 12x1,5 - Lunghezza: 62mm
Multispline: 14 - Pitch: 12x1,5 - Length: 62mm

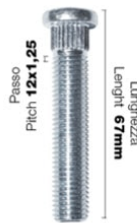

Kit 10 colonnette a piantaggio in acciaio inox 30MNB3 zincato / Kit 10 C4C galvanized stainless steel forged studs

CRP/7-10 € 44.40

Millerighe: 12 - Passo: 12x1,25 - Lunghezza: 62mm
Multispline: 12 - Pitch: 12x1,25 - Length: 62mm

Kit 10 colonnette a piantaggio in acciaio inox 30MNB3 zincato / Kit 10 C4C galvanized stainless steel forged studs

CRP/714-10 € 44.40

Millerighe: 14 - Passo: 12x1,25 - Lunghezza: 67mm
Multispline: 14 - Pitch: 12x1,25 - Length: 67mm

Kit 10 colonnette a piantaggio in acciaio inox 30MNB3 zincato / Kit 10 C4C galvanized stainless steel forged studs

Profilo Aziendale - Company Profile

Simoni Racing S.p.A. E' situata nell' Italia settentrionale, in Emilia Romagna ed esattamente in provincia di Ferrara, è stata fondata dal proprietario ed attuale presidente Simoni Filippo nel 1987; da alcuni anni ne ha preso le redini di comando Alan Simoni unico erede e General Manager della compagnia. Alan Simoni oltre al suo attuale ruolo in azienda, in questi anni ha coltivato con successo, la passione per i motori, ereditata dagli inconfondibili geni di famiglia ed ha collezionato un palmares invidiabile e una presenza quasi fissa sui podi di tutte le gare a cui ha partecipato. Nata come impresa a conduzione familiare, caratteristica ad oggi riconosciuta fondamentale per lo sviluppo ed il successo avuti, a ridosso dei primi anni 90, **Simoni Racing** è divenuta una delle aziende leader nel mercato degli auto accessori in Italia; una forte ed aggressiva organizzazione che a tutt'oggi vede circa 5.000 clienti seguiti in modo capillare dalla rete vendita che copre tutto il territorio nazionale, isole comprese. In quegli anni la compagnia ha rafforzato in maniera indelebile e continuativa, il proprio marchio, tanto da imporsi successivamente in Europa e nel mondo, ottenendo così un incremento continuo, sia in termini di fatturato che di importanza del brand. Ad oggi i prodotti **Simoni Racing** sono conosciuti e distribuiti nei maggiori mercati Europei tramite importatori e tramite le più prestigiose catene di negozi specializzati. La linea prodotti **Simoni Racing** è sempre in continua espansione e ad oggi vanta : **volanti, coprivolanti, pomelli, pedali, tappetini, antenne, distanziali con relativa bulloneria, assetti, filtri aria sportivi, lampadine led, lampadine alogene, copricerchi, terminali, marmitte, kit xenon** e molto altro ancora all'interno delle oltre 200 pagine del catalogo. L'obbiettivo primario della compagnia è la soddisfazione della propria clientela, che viene costantemente seguita da una rete commerciale di primo ordine ben distribuita in tutta Italia e in Europa con l'obiettivo di fornire servizio e assistenza sempre al top. Tale obiettivo è parte integrante della filosofia **Simoni Racing** che oltre a produrre articoli di prima qualità ha una cura particolare per il packaging; tutte le confezioni hanno infatti un design ricercato e riconoscibile che esalta il prodotto e lo rende inconfondibile ed inimitabile sotto tutti i punti di vista. A livello progettuale tra le caratteristiche principali della Società vi sono la flessibilità e l'allineamento rispetto alle nuove tecnologie. Elementi distintivi dovuti principalmente alla massiccia partecipazione nello staff tecnico di personale giovane e dinamico, costantemente alla ricerca per soddisfare i desideri e qualche volta "i sogni" degli appassionati. Un importante riconoscimento della forza del brand è data dalla presenza del marchio e dei prodotti nei cataloghi più importanti del settore automotive. L'immagine **Simoni Racing** inoltre fa costantemente il giro del mondo grazie alle pagine di pubblicità ed ai redazionali che ogni mese sono pubblicati sulle riviste Italiane ed Estere di maggiore importanza e alla ormai consolidata presenza nella saga dei film di **Fast&Furious**. Da sempre gli obiettivi perseguiti sono:

- **Espandere la rete vendita in nuovi mercati**
- **Consolidare il business con gli importatori**
- **Offrire ai clienti una gamma di prodotti che si rinnova sempre insieme ad attività promozionali costanti.**

Simoni Racing S.p.A. is located in the north of Italy, was founded by the owner and current president Simoni Filippo in 1987; from some years Alan Simoni, heir only, took the reins of the company becoming general manager. Alan Simoni, in addition to his current role in the company, has successfully cultivated the passion for motors, inherited by the unmistakable family genes and has accumulated enviable records and an almost fixed presence on the podium of all the races he has participated. Created as a family-run enterprise, a feature recognized to be essential to its development and success, in the early of 1990, **Simoni Racing** has become one of the leading car accessories market in Italy; a strong and aggressive organization that till now sees about 5.000 customers followed by the sales network that cover all over the country, including the islands. In those years the company has fortify indelibly and continuously, its brand, so to be established in Europe and in the world, thus gaining a continuous increase, both in terms of turnover and brand importance. Today **Simoni Racing** products are known and distributed in the major European markets through importers and the most prestigious chains of specialized stores. The **Simoni Racing** product's range is constantly expanding and today it boasts: **steering wheels, steering wheel covers, gear knobs, pedals, car mats, antennas, wheel spacers with bolts, trim springs, sport air filters, led bulbs, halogen bulbs, wheel covers, mufflers and tips, xenon kits** and much more within the over 200 pages of the CATALOGUE. The company 's primary goal is the satisfaction of its customers, which is constantly followed by a well - distributed commercial network in Italy and Europe with the aim of providing the best service and assistance. This goal is an integral part of the **Simoni Racing** philosophy which, in addition to producing top quality articles, has a special care for the packaging; all packs have a sophisticated and recognizable design that enhances the product and makes it inimitable under all points of view. Among the main characteristics of the company at project level we can count flexibility and adjustment to new technologies. These characteristic are mainly guaranteed by young and dynamic technical staff constantly looking to meet the wishes and sometimes the "dreams" of the fans. An important recognition of brand strength is its presence in the most important automotive catalogues. **Simoni Racing** image is also well known world wide thanks to the advertising pages and editorials that are published every months on the most important Italian and foreign magazines and the well-established presence in the **Fast & Furious** film saga. **Simoni Racing** main target in the future can be summed up as follow:

- **Expand the sales network in new markets**
- **Consolidate business with current customers**
- **Offer to customers a product's range always renewed along with constant promotional activities.**

Gestione Resi - Returns Policy

GESTIONE RESI

Per ogni problema o anomalia su prodotti e/o consegne, inviare e-mail all'indirizzo tecnico@simoniracing.it recante tutti i dettagli (codice prodotto, riferimento n ddt e/o fattura di acquisto, problema riscontrato). Saranno prese in considerazione solo le richieste con tutti i dati necessari. Nel caso in cui si riceva un articolo rotto, per ottenere la sostituzione è necessario **comunicare l'accaduto entro 5 gg dal ricevimento del pacco**. Nel caso in cui si ricevano colli danneggiati è indispensabile **apporre la riserva** all'accettazione del pacco, in mancanza di essa non garantiamo la sostituzione. **Non garantiamo accrediti e/o sostituzioni nel caso in cui non vengano rispettate le tempistiche/modalità richieste**. In caso di malfunzionamenti comunicare tempestivamente a Simoni Racing il problema riscontrato. E' a discrezione della ditta intervenire con accredito e/o sostituzione. **Garantiamo gli articoli difettosi solo se provvisti della confezione originale, dello scontrino di vendita e del tagliando di garanzia regolarmente compilato (ove previsto)**. Ai fini della garanzia fa fede la data di acquisto presso Simoni Racing, in caso di superamento dei termini previsti è indispensabile certificare la vendita recente a privato con copia fattura o scontrino. **I prodotti sostituiti in garanzia non estendono la stessa di un ulteriore anno. In alcuni casi**, al fine di intervenire velocemente e di evitare inutili costi di trasporto, verrà richiesta esclusivamente la foto tramite e-mail. Prima di effettuare un nuovo acquisto per risolvere un problema di rottura o malfunzionamento verificare presso Simoni Racing la possibilità della successiva nota di accredito, in quanto nella quasi totalità dei casi **si effettuano solo sostituzioni**. Simoni Racing esclude qualsiasi altra forma di rimborso per danni derivati dal difetto, ad esclusione di quanto stabilito dal Codice Civile. In caso di mancato avviso di quanto sopra non garantiamo la nota di accredito. Garanzia delle lampade xenon: solo se nuove mai usate, vedi paragrafo garanzia lampadine. La **Simoni Racing S.p.A. si riserva il diritto di modificare il listino e le caratteristiche degli articoli senza alcun preavviso**. L'installazione dei prodotti può non essere conforme al regolamento della circolazione stradale vigente nel vostro paese, pertanto Simoni Racing S.p.A. declina ogni responsabilità derivante dall'utilizzo improprio dei prodotti. Far installare da personale qualificato. **CONDIZIONI DI VENDITA - Ordini:** gli ordini devono pervenire alla Simoni Racing S.p.A. per iscritto. **Per ordini telefonici, Simoni Racing S.p.A. declina ogni responsabilità per errori, errate interpretazioni ed incomprensioni. Tempi di consegna:** Simoni Racing S.p.A. non è in alcun caso responsabile per eventuali slittamenti riguardanti i tempi di consegna indicati. **Pagamenti:** le spedizioni effettuate con pagamento in contrassegno comportano un addebito aggiuntivo di euro 3.00 + IVA. **Resi:** la merce viaggia a rischio del committente anche se spedita in porto franco. Simoni Racing S.p.A. declina ogni responsabilità per furti e/o danni occorsi durante il trasporto. **Raccomandazioni Ecologiche:** non disperdere nell'ambiente i contenitori e gli involucri dei prodotti. **Raccomandazioni Igieniche:** l'utilizzo dei prodotti non richiede particolari precauzioni igieniche.

GARANZIA DELLE LAMPADINE

Le lampadine, a norma di legge, in Italia e nel resto del mondo, non sono coperte da garanzia. Una lampadina può cessare di funzionare per vari motivi non legati ad un difetto della stessa (ad esempio, uno sbalzo di corrente oppure una defaillance che può capitare sull'impianto elettrico). Per tale ragione, a meno che una lampadina arrivi già non funzionante, **non è soggetta a garanzia**.

RETURNS POLICY

Simoni Racing S.p.A. has the right to modify the pricelist and the features of the items without any advance notice. Simoni Racing products' installation could not comply to the rules in force in your Country, therefore Simoni Racing S.p.A. regrets any responsibility resulting from an improper use of them. Simoni Racing products have to be assembled by professionals. **COMMERCIAL CONDITIONS - Orders:** Simoni Racing accepts only written orders. For orders received by phone Simoni Racing is not responsible for any mistake or misunderstanding. **Defective goods:** any returned defective material must be accepted in advance by Simoni Racing. Products replaced under warranty does not extend the same for another year. The defective products must be shipped accompanied by a shipping note and by a schedule in which there must be indicated the kind of defect the product has and the details of the invoice to which the article refers. In the event that Simoni Racing quality control department verifies the existence of a defect the item will be substituted with a new one. **Deliveries:** Simoni Racing is not responsible for any damage or thefts during the transport. Simoni Racing is not responsible for any delay concerning delivery times. **Ecological advices:** don't dispel the products and their packaging in the environment, **Hygienic advices:** the use of our products doesn't require a particular hygienic cares.

LIGHT BULBS WARRANTY

In Italy and all over the world, light bulbs are not subject to warranty coverage by law. A light bulb may stop working for some reason not necessarily connected to a manufacturing defect (e.g. surge current, problems that may arise from unsuitable electrical systems etc.). For this reason, light bulbs are not subject to warranty coverage unless they have already arrived burn out or broken.
